I've incorporated the recent edits from both Dan and Charlie.

The revised draft is attached.

Dan/Charlie – I'll assume the ball is in your courts to get the necessary agency reviews and transfer the text into the appropriate EPA letterhead template and gather signatures. That said, let me know if there is anything more I can do to help.

Here are some comments. It looks good. This will definitely need at least Division director review and I suspect end up with the RA. Let me know when its ready and I can get that started.

Hi Charlie -

Ex. 5 Deliberative Process (DP)

I included the table and figures as images in the main Word document so that you don't have to provide them in a separate PDF. As requested, I added the green and red lines to the graphs to illustrate the comparison between the Butte and Columbia datasets. I've also attached a copy of the letter from ATSDR to the local health departments so that you can include this as an attachment.

I think all that remains is to put this on EPA letterhead and add the signatures. Please let me know if you need any additional information or have more changes.

Thanks,
Lynn
